

A successful adoption depends on both the selection of the right corgi for the household, and the understanding of the care and training needs of the corgi while in fostercare. We do not discriminate against renters or apartment dwellers as foster homes. However, you must obtain permission by your landlord before you can foster with NTXCC. Families with young children will be considered on a case by case basis. A member of North Texas Corgi Connection may conduct a home visit prior to fostering.

Name of Applicant(s) _____

Address _____

City, State, Zip _____

Cell _____ Email _____

Who will be the primary care-giver for the foster pet? _____

Have you fostered before, if so, for which group? _____

- Not housetrained
- Food / Toy aggression
- Not good with children
- Scratching / biting
- High activity level

Please tell us anything you would like us to know to help match you with the right corgi for foster care

North Texas Corgi Connection (NTxCC) determines the criteria for fostering, decides which animals are eligible for foster care, and appoints foster caregivers from a pre-approved list. NTxCC will require you to go fill out a foster application, give consent for a home inspection, as well as meet for a foster briefing prior to being accepted as a foster parent. NTxCC foster care volunteers may always refuse any specific request for any reason. NTxCC board will inform you of any medical treatments to be administered, the anticipated length of the foster-care period, the objectives of each particular placement (restoring to health, socialization, possible hospice care, etc.), and any other restrictions or expectations we may have.

You will be expected to keep the animal safe and secure, return to NTxCC when requested to do so, and not promise the animal to anyone, or imply that you have the authority to approve a potential adoption. NTxCC retains ownership of all animals placed in foster care, and will make all decisions regarding the adoption and placement of the animals fostered.

NTxCC cannot accommodate people fulfilling court-ordered community service within the foster care program. NTxCC does not accept into this program those convicted of violent crimes or crimes involving animal cruelty or neglect.

Unless otherwise arranged, the foster parent is responsible for providing all food, bedding, and toys for the pet while it is in their care at home. The foster parent is responsible for transporting the animals to and from veterinary appointments, surgery, behavior evaluations, vaccinations, etc., The foster parent may also be responsible for transporting the animal to and from adoption events, and to off-site training classes, at the board's discretion. The foster home can submit receipts for re-payment of food, toys, etc, once pet is adopted.

I have read and understand the statements above. I certify that all the information contained in this application is true and correct. I understand that although NTxCC takes reasonable care to screen animals for foster care placement, it makes no guarantees relating to the animals' health, behavior or actions. I understand that I receive foster care animals at my own risk and can decline to accept any animal for which NTxCC has asked me to provide care. I acknowledge that NTxCC is not responsible for any property damage or personal injury suffered by me, members of my household, including my own animals, or any third parties during a foster placement, and I assume liability to provide adequate controls to prevent such damage or injury.
